I could probably write a book exclusively on the phenomena surround the Advanced Aviation Threat Identification Program, Unidentified Aerial Phenomena, the Defense Advanced Research Projects Agency, the Defense Clandestine Agency, Unacknowledged Special Access Programs, Innovative re-engineering of transglobal technologies.

I assume there is some pretty super nifty information out there if I were allowed to comment. I signed Non-Disclosure Agreements before I was indoctrinated into the abyss of deep-sixed Black Programs.

So, with that I am pretty limited into equivocally stating what knowledge and the programs and technology exists are not true: Active Denial Only. With SAPs, you can identify the technology or program, but not the secrets behind it. For example, all of our nation's modern fighter aircraft are designed from SAP technology, which all first began as USAP technology.

Recently the Senate and Congress are going to hold hearings, which would allow persons involved in certain USAP technology to relate their involvement and participation. Senator Mark Rubio is heading a hearing I am being subpoenaed to.

The NDA I signed said I would not reveal the "secrets" for 80 years. I will be dead then. In my agency, I was one of three Special Agents who had "read-on" classified information into

//TS//USAP//SAR//OPERATIONAL NICKNAME//READ ONLY//NO FORN//

underworld within our government. It took me at least three months to get indoctrinated and cleared for access within the Pentagon.

I was all done in a small basement room of the Pentagon from an activity called the "Technical Management Office". Once I was cleared and indoctrinated getting access to the program was a feat of maximum difficulty. Every time I wanted to interview an official within the SAP or USAP, the Army CID Security Officer had to transfer or pass my security clearance to the individual SAP or USAP. Then my and read-on had to be provided to the individual SAP or USAP Security Manager who would verify and make the necessary arrangements for me to access the SAP or USAP facility.

The SAP and USAP facilities are located everywhere, embedded in University Affiliated Research Centers (UARC) Programs, military bases and nondescript commercial office space. Many of the USAPs, they are considered "waived" programs, not reportable to congress and very miniscule oversight.

My personal opinion, not the nation's government official or unofficial position or stance. With that said, I believe there is an extremely high probability extra-terrestrial beings, have been visiting what we call planet earth for thousands of years and continue to do so to this day. I believe them to be quite curious concerning our planet and human race. I do not believe there is any offensive nature what-so-ever. I also personally believe that our nation has a small collection of crashed or downed aerial transport vehicles. These are being reverse engineered in super-duper classified research laboratories, all underground, all run by secret contractors, under large sums of currency appropriations (multi trillion-dollar range) contracts for the DOD.

I would also personally speculate that DOD has a classified unit that is responsible for recovering, transporting, storing and researching this unexplained innovative technology. Our nations development of defensive and offensive weapons take place in this uber-classified world.

When Dr. Gree is in [REDACTED] f [REDACTED] area in the future. I would like to dine with him and discuss various matters.

I feel our Nation is getting ready to release details.
