I just had a phone call with an army officer who dealt with USA PS in the army from 2002 to 2012. He was in the sea ID which is the criminal investigative division of the army and he investigated a three-star general who's name is General [REDACTED] who is taking his girlfriend to a used app spelled USAP in Oklahoma near Fort seal. They had a cloaking device they were reverse engineering from an ET craft and he was showing on authorized persons this was referred to the department of justice but was not prosecuted and he was demoted to a two star general and retired. This army officer who I spoke with today also had information on a radar system that disables aircraft so that the crash. He was in Iraq and the system was used there to great effect Space command operations at Huntsville Alabama also have a weapon system for muscles and other objects and these are also based in orbit in space that can obliterate any object. He was cleared baseline clearance TS-TSA correction Space TS-S CIA and was working out of the technology office in the pentagon located in the basement. I believe he called the office the technology management office of the army. He was given access 216 US a piece. He also said that there were facilities in Irvine California and Seattle Washington and scattered else were across the country dealing with this subject. He were write me a letter in the third person with his name removed to provide me all these details Sent from my iPhone=
